

## Wesdome Careers

# WHAT'S IN IT FOR YOU?

Wesdome is 100% Canadian-focused and motivated to grow. Our goal is to become Canada's next intermediate gold producer, and we believe that the people we hire will help us get there.

We are currently hiring for various positions at our Eagle River Complex outside of Wawa, Ontario and at our Kiena mine in Val-d'Or, Quebec.

### LIFE AT EAGLE RIVER COMPLEX & KIENA MINE

Employees at the Eagle River Complex stay on site in newly acquired bunkhouses. The newly renovated kitchen is focused on providing healthy meal options and the revitalized fitness centre provides new equipment for all employees to use. On-site nurses are also available for immediate medical assistance and confidential health consultation as needed.

Wesdome has been working towards restarting operations at Kiena mine, aiming to be operational by Q3 2021. This is creating exciting experiences for employees as we build our teams and move through the stages of production. The Kiena Complex is built on a small island just outside of Val-d'Or, and the proximity to the city makes for an easy commute for our team members.

### COMPENSATION

Wesdome employees receive competitive wages.

### TRAINING & DEVELOPMENT

Our training and development programs help our employees to reach their full potential. Annual evaluations are aligned to the Company's goals to ensure everyone is pulling in the same direction and we support our team members in doing their jobs.

### BENEFITS

Wesdome provides a comprehensive benefits plan for all employees currently at no cost to our people. Benefits include coverage in areas such as; health, dental, vision, long term disability insurance, and travel insurance. Employees also have a Healthcare Spending Account as well as access to an Employee Assistance Program. Wesdome will match employee RRSP contributions up to a certain amount.
